Comments: I have grown up skiing at Mission and now my two sons are doing the same. They are 8 & 11 and have been going up since age 2. We LOVE Mission and the small mountain family dynamics it brings. That said, a few more chairs to access more terrain and spread out the skiers would be really amazing. I'm in full support of the expansion and happy to help in anyway I can. Also important to note that I'm a home owner in Quincy, WA.

Thank you,
