Comments: I am 100% in support of the Mission Ridge expansion project! Our family of 5 loves to go to Mission through out the winter. Our two young daughters (ages 7 and 5) learned to ski in the 18/19 season with the Freedom Pass. I would love to see more beginner terrain to help young skiers gain confidence in a safe environment.

My husband and I love to nordic ski as well. We both skate ski and snowshoe. During the winters, we usually make the drive up to Twisp/Winthrop/Mazama or drive to Chelan for the trails at Echo Ridge. This will be such a treat to have trails right in our back yard!

The idea of a new lodge is also very appealing. Hampton Lodge is quite old and often way overcrowded. Another place to dine would be a great benefit to Mission Ridge and its patrons.

Condos/hotels on the mountain would also draw in a large number of people. The ease of ski-in, ski-out is a huge selling point that us skiers/boarders look for in accommodations.
