First name: Charlene

Last name: Woodward

Organization:

Title:

Comments: I am a local skier who does not support the expansion plans. I it will turn our local ski area into a tourist ski area and make me less likely to use it due to crowding, expense, the influx of people whose only interest in our community is to use it, not enrich it. The owner of Mission has done a good job of improving the facility but sadly it looks like he feels it's now time to cash in and exploit our beautiful and accessible recreation for his personal profit. Please do not allow it.
