Comments: My family and my friends all ski at mission ridge every year. Most of us have seasons passes. We all live in Kirkland, Seattle, Bellevue, and Woodinville so we can't address local concerns. From our point of view it is great and really valuable to have a quality family friendly place to really enjoy with our friends and family. We always stay at local hotels and eat locally. For us it is a great, reasonable way to get a way for the weekend, and we love to ski.

Also, in our opinion, Mission Ridge is one of the best ski resorts in Washington and we fully support expansion plans.

Thanks,

Kelvin
