Comments: I think mission ridge is vital to Wenatchee and its surrounding area. As professional that is one of the important features that brought me to work in the area. It provides for recreational outlet that brings exercise and happiness to its residents. I've only been here for 3 seasons and it has a special place in my heart already.

Expanding Mission Ridge would provide additional opportunities to those that recreate in there and further increase the attraction to wenatchee area. It seems this would have a direct increase to local business and increase job opportunities. I think this project is exciting and will allow Wenatchee to be a special place for people to live and visit.
