Comments: I am in full support of the Mission Ridge Expansion Project. I have seen the presentations and reviewed the updated plans. The benefit to our local economy reaches far beyond the mountain and community of skiers & snowboarders. It is necessary to not simply maintain our ski area, but to grow and expand. It's time and by slowly phasing it in I do not see any negatives. I do see limitless possibilities and positivity with the immense amount of planning and work to research and think this all through for the greater good of NCW. It's a huge investment in the Wenatchee Valley.
