Comments: I would like to write in support of the Mission Ridge expansion plan. I believe that the improvements would allow for a wider variety of ski abilities and would encourage more attendance from wider distances.

Premier ski resorts bring people from all over and I believe that this would bring Mission Ridge closer to that status. Additionally, the wider Wenatchee area would benefit from increased hospitality services being utilized including: hotels, food and beverage, restaurants, etc. Lastly, this will be a benefit to all locals who have called Mission Ridge their home ski resort for many years. Thanks for your consideration. Kevin Gilbert
