Comments: Hi,

I am in support of the expansion of Mission Ridge. With the lack of lodging and resorts around ski areas in Washington, I feel that the residents of Washington are missing out on the opportunities offered by these services. The economic and social benefits are clearly visible in other states with developed resorts. This also enables the consolidation of environmental impact and accountability for driving sustainable practices. This would reduce leakage of tourism dollars from Washington to other states and countries because we do not offer these opportunities.

Regards,
