Comments: My name is Tina and I have been skiing up at Mission Ridge with my family for many years. My kids went to ski school there, and it is definitely our family mountain. We support the expansion plans so that others may enjoy the mountain, new venues can be added, and I am in favor of the plans for housing, further development of TRAILS and activities to be enjoyed by nonskiers, and access to other parts of the mountains. Thanks to Mission Ridge for being a wonderful option for our area.
