First name: Douglas

Last name: Morrell

Organization:

Title:

Comments: There seems to be little consideration for the residents who live in the area. Drilling wells is going to severely impact the irrigation water, that many orchardist rely on. Secondly, the influx in traffic cannot be supported by the current road, meaning that many residents will be forced to give up part of their land in order to expand the road. The Ridge will no longer be a destination for locals, but a tourist trap, that is solely focused on money. Take Leavenworth for example, it no longer is a representation of the community, but a giant tourist trap that has eroded the surrounding community. The only thing we learn from history, is that we do not learn from histroy.
