Comments: The Northwest Ski Club Council represents 25 ski and snowsport clubs in Oregon and Washington. A number of our clubs ski at Mission Ridge, either on day trips or on multi-day trips. I personally have skied there a number of times on ski club trips, and personally ran several trips to Mission Ridge over the years from Portland.

We support all of the improvements requested by Mission Ridge. The addition of overnight lodging would be a huge improvement that would make Mission Ridge a true destination ski resort. It would be a huge asset to the community to be able to offer year-round recreation and provide year round employment.

Our ski clubs support this project.
