Comments: As a Wenatchee local I worry about what this expansion will do not only to the infrastructure but to the entire character and charm of Wenatchee. The roads will be loaded, the businesses will become crowded, it will be an absolute mess with years of repercussions. Seems like a big money grab. I like the idea of expanding a bit, but the proposed expansion is absolutely ridiculous. No no no to long lines at the ridge, overpriced everything, no spots in childcare, and even more expensive season passes. Just no! We don't want to be west siders! There's a reason locals don't go to Stevens etc, no thank you!
