Comments: I have lived and worked in the Crystal Mountain ski area for over 50years. I have seen the increase in the number of skiers and the lack of ski area development. As a part time skier at Mission Ridge through the years I think the plan is a great one and long overdue. Giving more area for parking and a new area for beginner slopes is awesome and will help introduce more new skiers to the sport in a good way. Also the addition of on mountain facilities will be a great way to move forward.

I totally support this plan and urge your approval
