Comments: I am strongly in favor of the expansion plan. Mission Ridge is a community jewel and its vitality as an outdoor recreation center will be protected and sustained by the expansion. Alpine and nordic skiing, snowshoeing, and hiking opportunities will be preserved, expanded and created, benefiting the entire Wenatchee Valley and region, its residents and businesses. We need more outdoor recreation opportunities for families and individuals in the region and state, and Mission Ridge provides them in an accessible, natural, and environmentally sustainable way.
