First name: Joe

Last name: Holman

Organization: North Idaho Trailblazers

Title: Vice President

Comments: "Trail #2337 and trail #2339 are designated high clearance Jeep trails or 4wd trails. They do not represent a class 2 trail defined by the USFS. My request is that the USFS should work with the local offroad groups to develop these trails into Class 2 trails with obstacles to create an excellent >50" offroad opportunity for the public to recreate on in our local forest. Though this is a beginning, the need for a larger >50" trail system has a significant need to disperse the use to mitigate possible damage from overuse."
