Comments: I have lived in Idaho for 42 years and have been a consistent and frequent user of our national forests. These are our forests and we enjoy visiting them, riding ATVs in them, hiking and boating in them. I most recently spent some time at Powell Idaho and rode my ATV. It would be such a waste of resources if these areas were limited on access. Please continue to provide excellent access and recreational activities to all Idahoans for our forests. To lock them up so a few can enjoy would be a terrible use of these fantastic resources.
