Comments: I am a 72-year-old veteran of the Vietnam War and I love to drive my UTV in the National forests throughout Idaho. I really enjoy riding in the Nez Perce-Clearwater NFs Forest area. I know that this activity brings, much needed, money the local economy.

I also can't walk as much as I did in my early years, to say the least. I would very much like to see my generation given some consideration in the ability to have access to the forest areas. We didn't much recognition or consideration when we got home from what is still seared into my memories.
