Comments: I am a father of 4. Have 3 boys and a girl ages 13-19, my wife and I both ride dirt bike as well. single-track riders only. I'm aware of the changes proposed to Canfield. In general I'm in favor, however the current plan calls for

Eliminating trails 1,3,5 if I understand correctly. That eliminates almost all of the advanced trails. Those 3 trails are the only reason my boys go there. If you

Must eliminate those, it's important that you replace them with other advanced trails or you will take away from the user experience for many riders. Not sure why those are labeled unsustainable, they've been in that condition for as many years as been riding that mountain with little change
