Comments: I WOULD LIKE TO COMMENT AND GIVE MY OPINION ON THE NEZ PIERCE CLEAR WATER RWA. I AM REALLY HOPING TO SEE THE EXISTING RWA TURN INTO SEMI PRIMITIVE. SNOWMOBILES IN THE WINTER AND MOUNTAIN BIKES IN THE SUMMER. IN THE WINTER TIME I HAVE BEEN BACK INTO THE WILLIAMS LAKE SURVEYOR LAKE AREA 100'S OF TIMES IN MY LIFE. NOT ONCE HAVE I EVER SEEN ANY ANIMAL TRACKS IN THESE AREAS. I HAVE BEEN INTO THESE AREAS AS EARLY AS DECEMBER AND AS LATE AS MAY. THE LACK OF TRACKS FROM ANIMALS AND THE AMOUNT OF SNOW PACK THESE AREAS GET JUSTIFY THE REASON OF NOT SEEING ANIMALS. AT 7,000 FEET THESE AREAS HAVE OVER 12 FEET OF SNOW AT ANY GIVEN TIME. THESE AREAS PROVIDE THE BEST SNOWMOBILING IN THE UNITED STATES. PLACES THAT PEOPLE WILL NEVER BE ABLE TO SEE BESIDES BY AIRPLANE. THE SLED TRACKS MELT OUT IN THE SPRING TIME RESULTING IN ZERO TRACE OF ANYONE BEING BACK IN THESE AREAS. I HOPE THIS SHEDS SOME LIGHT ON ACTUAL PERSONAL EXPERIENCE OF SOMEONE GETTING BACK IN THESE AREAS. THERE IS ZERO CONFLICT WITH ANYONE WALKING, SNOWBOARDING, SNOWSHOEING OR DOING ANYTHING ELSE IN THESE CLOSED AREAS. THANKS FOR LETTING ME VOICE MY OPINION ON THIS SUBJECT.
