Comments: Comments on Nez Perce-Clearwater NFs Forest Plan Revision #44089

Dear Zach Peterson,

Please accept these comments on the Draft Environmental Impact Statement for the Nez Perce-Clearwater National Forests Plan Revision.

I fully support the Citizen Conservation Biology Alternative submitted by Friends of the Clearwater and request that it be fully analyzed as its own Alternative.

In particulate, I support:

* making off limits to logging roadless areas, existing and potential Wild and Scenic river corridors and proposed and existing Research National Areas.

* reducing the miles of roads to improve wildlife security and watershed integrity

Thank you for considering my comments.

Roger Brewer

Sincerely,

Roger Brewer
