Comments: I am writing to please keep the entire HooDoo Wilderness off limits to any motorized vehicles,, the area is so pristine and hopefully it will remain so. Just for the few weeks of a pretty much world wide lockdown human beings are becoming aware of the fabulous world we life in! Instead of hustling between point A to point B we are gaining an understanding of what it means to be still, we can hear the birds and ducks , see a clean sky with no jet trails, breathe easier with not as much carbon monoxide , maybe this virus is humanities wake up call and I hope it's not too late! We all need quiet and solitude in order to have peace of mind and spirit, please keep this area pristine, whether we or two legged or four legged it is of utmost importance! Thanks and keep it pure!
