Comments: As an active and avid user of the outdoors, I am writing to let all parties involved know that i support multiple use of all public lands (including this action in Nez Perce-Clearwater NFs Forest Plan Revision #44089) to include grazing, logging, and all types of recreation, including and especially motorized use. I ask the Forest Service to revise the forest management plan to fully embrace the principle of multiple-use and reject further proposals of Wilderness or Wild & Scenic River designations.
