First name: Perry

Last name: Taylor

Organization:

Title:

Comments: My name is Perry Taylor Of Lewiston Id. My father was a logger/ mill owner so I know how important it is to maintain a healthy forest to prevent extreme wild fires and diseased trees. I also enjoy camping and riding my atv in the forests. I think there are too many areas of no use already.I support selective logging mining and grazing of or forests.thank you for the chance to express my opinion. to bad the local people don't have the say rather than the outsiders that drive thru or read false reports on managing the forests.thanks again Perry
