Comments: It would be an absolute shame to close down such a beautiful area that so many of us love to use.

Each of us take the time and care to ensure we leave the area better than we found it. This area holds a special place in my heart as I have grown up riding here and the older guys in my group have taken the time to show me the area.

We use this area to recreate with passion and respect for the area.

Please keep this area open as I there is no harm to any of the wildlife or surrounding area.
