Comments: Dear Forest Plan Committee;

In regard to your new nez-perce clearwater forest plan.I have spent the last 45 yrs. recreating in all seasons in the public lands of west. always on foot or horse in areas where motorized traffic was not legally allowed, and in areas where it was allowed. There is no comparison in the quality of the experience. I understand that public has to access for many user's but keep in mind that we have to keep the wilderness areas-roadless areas as they are. Motorized travel must be kept already established roads.

thank you
