First name: Alison

Last name: James

Organization:

Title:

Comments: Dear Park Service Rep.,

Between the Park Service, BLM, FS and USDA you are determined to finish off wild horses.

This goes against the 1971 Act of looking after the US' natural symbol The Horse.

You have chosen the cruelest way to round up these horses.

How many head of cattle does the PS intend to allow once the horses are gone?

The public does notice your cosiness with ranchers.

Alison James
