Comments: IMPORTANT Comments On DEIS and Wild and Scenic Suitability Report

Dear Plan Revision Email Nez Perce Clearwater National Forests,

I have spent the last few summers living And working on the Lochsa. I have rafted all of the lochsa tributaries and fished many more. I have spent time all over the west in many different drainages. There is nothing like the lochsa/selway/Clearwater drainage anywhere. This place and its tributaries s truly special and needs to remain protected to the highest ability possible. I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice support for their suitability for designation. My interest in wild rivers is not met or even considered by the Draft Plan in any alternative. Even the best alternative removes eligibility protections from over half of the streams you've found eligible, and thus the range of alternatives is too narrow.

Thank you for considering these comments.

Sincerely,

Eric Frohlich
