Comments: Comments on Nez Perce-Clearwater NFs Forest Plan Revision #44089

Dear Zach Peterson,

Let's keep the Wild in Wilderness! Wilderness areas were designated to protect pristine areas not to promote commercial interests. Wildlife living in this forest should be given priority over human needs. We each have our own homes, but for wildlife this forest IS their homes.

I support the Citizen Conservation Biology alternative plan for Nez Perce-Clearwater Forest.

It is your job to protect the forests. If you do this properly you will leave them looking much like they did 1000 years ago.

Thank you.

Sincerely,

Loretta Lehman
