Comments: Comments on Nez Perce-Clearwater National Forest Revision plan

Hello,

I writing to support the following items in the upcoming Nez Perce-Clearwater National Forest Revision Plan.

Due to the economic and social benefits of mountain biking in the region as well as the benefits as using responsible bicyclists as steward to the land, I would like to see the new plan to include the following:

- \* Maintain bicycle access to the State Line Trail (Trail 738) through the Nez Perce-Clearwater National Forest and restore access to miles 20-27, where it was recently closed.
- \* Maintain access to the State Line Trail by existing singletrack routes.
- \* That the Forest Service recognizes the Idaho and Federal Roadless Rules, which prohibit resource extraction on this landscape and preserve its wild character.

Thanks for taking the time to consider public opinion on this matter.

Sincerely,

John Sieber
