Comments: Nez Perce-Clearwater Plan revision comment

To Whom It May Concern:

As background, I am a mountain biker, hiker and big human-powered advocate. I also have a cabin on Upper Fish Creek and have recreated in the Great Burn for decades. My father was a district ranger on the Kelly Creek RD in the 1970s.

Regarding the proposed plan, I would like to maintain mountain bike access to Trail 738 throughout the Nez-Clear and also to restore access to miles 20-27, where it was recently closed. Mountain bikers will have little impact on the landscape of this lightly used area, but for those of us who periodically enjoy a big adventure, this is important access.

I would also like to maintain access to Trail 738 through existing singletrack routes.

I also ask that the USFS continue to recognize the Idaho and federal roadless rules.

Thank you for the opportunity to comment on this forest plan.
