Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am an animal advocate and a tree hugger. We do not have a planet b. We have to protect what can not be replaced.

I have not been there.

I would like to see it all protected. No human interference.

Motorized vehicles will only hurt wildlife and the environment. More interference, more litter, more destruction.

All rivers should be protected.

Any wilderness left must be protected. All of it.

Thank you for trying. Thank you for caring. We need more people to take action.
