Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am a Montana citizen who cares about the environment and is concerned about uses which can damage it.

I have not been to the Great Burn.

I would like to see the entire Hoodoo Roadless Area continue to be managed as Recommended Wilderness.

Keeping the Hoodoo Roadless Area non-motorized will protect it from damage.

Also, Cayuse Creek and Kelly Creek should be recognized as Wild and Scenic to protect them.

Let's respect these areas enough to manage them properly.

Thank you to the team for creating this forest plan.
