Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

Please don't decrease the Recommended Wilderness of the Great Burn in the current Forest Plan. There are great areas for winter recreation (snowmobiling) without decreasing the Recommended Wilderness of the Great Burn area. Road building in an area of wilderness character would be incompatible with the goals of maintaining the wilderness potential.

I haven't been to the Great Burn area, but it is on my "bucket list".

Thanks to the staff for your efforts to create this Forest Plan.
