Title:

Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am a woman who loves to hike. I recently was diagnosed with an autoimmune disease which makes hiking one of the few outdoor activities I enjoy. I am in support of the Hoodoo Roadless area because I want to hike in pristine areas. Also, I lived in northern CA and OR and have seen personally what opening roads and mechanized vehicles does to disrupt wild places. I do not want to witness destruction of wild habitats to roads yet again.

none

I would like to see the entire area designated wilderness.

As I said before I have lived in rural CA and OR where the solitude of the areas was disrupted by motorized vehicles and chainsaws. I don't want to witness this type of disruption again.

Keep the rivers wild

no specific areas to recommend

Thanks for all of the hard work you do. I greatly appreciate it and realize you have to juggle the needs of many citizens with preserving wild places. At this time in history with climate change it is important to reduce motorized vehicles in the wild. Thank you for your consideration.
