Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am totally against shrinking the proposed wilderness area. It is imperative that we keep special places for future generations. I am also strongly opposed to allowing access to any mechanized or motorized vehicles. Don't let politics control this.

I support the management of the entire 151,874 acre Hoodoo Roadless Area as wilderness.

Some places need to just be maintained for solitude and this is one, so don't allow winter motorized access.

I also support the recognition of Cayuse Creek and Kelly Creek and its forks as Wild and Scenic.
