Title:

Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am a montana born and raised resident. I learn, play and live in our great open state. The things that make mt a great state include our animals, the public land and our plants. Doing this would ruin all of those things...that's not the Montana way. Allow us to continue to enjoy our state without ruining it

Dont have any except keep it wild

Yes, keep it wild. That's the Montana way

While it's snow covered and frozen terrain, animals and plants still live and thrive there. Allowing access would destroy this

Fishing these rivers allows for great memories to be made. Amazing views while allowing for more generations to enjoy it

Keep our land wild

Thank you for all that you do
