Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am a UM student from Missoula who enjoys many activities in our great outdoors. The Great Burn area is an awesome area to explore and leave wild.

I really enjoy hiking to Illinois Peak. The cirque is awe inspiring and transports you to a wild, awesome place.

I feel the entirety of the Great Burn remain protected.

I feel that allowing winter motorized access in an area that does not normally see that kind of activity will be disruptive and scare away wildlife that have called that area home long before us.

I feel that MWA's recommendations are good.

Thank you for taking steps to protect Montana's great wildlife areas.
