Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

Hi, I am Bob Gates, life long resident and outdoorsman of Montana. It is important to protect special areas like the Great Burn for us and future generations.

Please maintain the existing boundaries of the Great Burn (Hoodoo) Recommended Wilderness as well as the existing prohibitions of motorized and mechanized recreation.

Please maintain the existing boundaries of the Great Burn (Hoodoo) Recommended Wilderness as well as the existing prohibitions of motorized and mechanized recreation.

There are plenty of areas already open to motorized recreation. Reports of mountain goat populations being decimated by snowmobiling in these areas is enough evidence to close it to motorized use.

Cayuse Creek and Kelly Creek and all of its forks should be Wild and Scenic.

No more motorized, summer or winter.

Thank you for your efforts forest planning team.
