Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

The great burn proposed wilderness area consists

I have had some enjoyable hiking and backpacking trips to the heart lake area. The solitude and beauty of the area along with the variety of plants flowers and wildlife make every trip unique

The area needs to be managed for non-motorized recreation to protect the environment, plants and wildlife

This is the best way to protect the unique environment and the wild life

These creeks are essential primitive waterways to the area and they deserve protection to maintain water quality

This is a chance to do the right thing and protect a unique place with unique ecology breathtaking beauty and solitude that is readily accessible to hikers and backpackers

Thanks for your efforts to protect the great burn for enjoyment by common people both today and in the future
