Subject: RE: Dead Laundry Project scoping information 1 of 2

Date: Tuesday, March 17, 2020 8:48:14 AM

Given all we have going on in the drainages we have BPA funded work and the NF is not one of those, Watershed will not be commenting.

Subject: Dead Laundry Project scoping information 1 of 2

Good morning,

Attached you will find the Scoping/ Proposed Action document and maps for the Dead Laundry Project. The electronic scoping document, published legal notice, and maps can also be viewed here: <https://www.fs.usda.gov/project/?project=57827>. Due to the file size, I am sending the materials in two separate emails.

Official letters went in the mail Friday, March 13th to those whom requested a hard copy of this document.

The Scoping/Comment period (30 days) will start on March 16th; comments and suggestions received during this scoping period will be evaluated to determine if there is additional information that would inform or modify this project.

Please feel free to contact me with any questions, comments, or suggestions.

Thank you.
