Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

s been in place since the late 1980s, and it is likely that this new plan will last 20 to 30 years.

I oppose the Nez Perce-Clearwaters recommendation to allow winter motorized access in the Great Burn and its decision to consider shrinking or eliminating recommended wilderness.

As an avid backpacker keeping public lands accessible is important to me.

Keep the entire 151,874-acre Hoodoo Roadless Area managed as Recommended Wilderness.

It is important to keep these areas pristine. The introduction of motorized vehicles will erode the serene nature.

I agree with MWA on Cayuse and Kelly Creek.
