First name: Margaret

Last name: Cronin

Organization: 394337788

Title:

Comments: Please continue access for Mountain bikers to this region through the existing trail networks to the State Line trail (trail # 748) and reopen miles 20-27.

Please also continue to have the area closed to motorized travel and resource extraction.

By allowing travel via bike, horse or foot and limiting motorized travel and resource extraction, you will continue the wild characteristics of the area and keep it for sustainable use into the future.
