Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I've been in wilderness areas hiking and these are our last places of wildness for our children.

They have to be preserved!

Please protect and increase these areas for our future families.

Thank you

We backpacked very close to the Burn and these areas are wild!!!

More wilderness needs to be protected!

I live in areas where motorized travel is common. The animals show stress year around.

They run cold and clear

More needs to be protected.

Your protection will mean the world to me and our families!

Thank you for your time and efforts
