Title:

Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I have been fighting for our National Parks/Monuments and Wilderness Areas since I was young. My love for Nature, animals is what defines me. This "administration" threatens what TRULY makes America Great and I oppose his policies and resent his lack of respect, reverence and stewardship for the Natural World. As a Christian-I am commanded to be a GOOD Steward and that is what I strive to do everyday of my life-I won't be silent when GOD's creation and creatures are at risk!

I have never been there-but would consider visiting IF it weren't destroyed before I can!  
I now live in a camper/trailer and thought it would be awesome to visit some of America's Treasures!

I SUPPORT the PRESERVATION of the ENTIRE AREA!!

Man has enough places to "entertain" themselves-Man has also done enough damage, disrupted ecosystems, decimated enough species. There MUST be places where ONLY Nature thrives-Wilderness areas should be JUST THAT! In Nature we find Peace, Solitude and can rejuvenate our Spirits and escape the noise, mechanical/motorized devices, the exhaust from them and disconnect from that and slow down from the hectic-ness of daily life.

I also recommend Cayuse Creek and Kelly Creek and all of its forks! We need to keep what is still pristine-pristine! We need clean water sources, the plant life that grows along them, the wildlife that live in and use these waterways need clean water.

I recommend leaving the Nez Perce-Clearwater National INTACT-there is NO need to change the boundaries, nor allow snowmobiles in this area.

PLEASE HONOR ALL the HARD work that went into setting this Unique, priceless treasure aside as a WILDERNESS area!!!

Thank-you for your efforts to create this forest plan.
