Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

Allowing snowmobiling across a larger portion of the Great Burn is likely to have devastating consequences for the Blacklead mountain goat herd and others. Please don't allow it. Thank you.

Please continue to manage the entire Hoodoo Roadless Area as Recommended Wilderness

Please keep the Hoodoo Roadless Area non-motorized. I live next to Forest Service land and see first hand the destruction that motorized vehicles do to the land and the wildlife.
