Comments: Please re-open the Great Burn area to snowmobile use. There remains no evidence that over-the-snow travel harms any portion of the eco-system or animals and the tracks (evidence) are either covered by the next snowstorm and melt entirely away each spring. It is a wonderful way for families and friends to enjoy God's creation in this area that was intended for PUBLIC use! I support whatever combination of plan options that will sustain snowmobiling in the Great Burn area on into the future.
