Comments: On DEIS and Wild and Scenic Suitability Report

Dear Plan Revision Email Nez Perce Clearwater National Forests,

I was lucky enough to get to spend several days on the Main Salmon River last summer. Wow! Idaho rivers are truly worthy of protecting for the benefit of all Americans.

I am writing to ask that all 89 streams that you have found eligible for Wild and Scenic designation remain protected as eligible in the new forest plan, and to voice support for their suitability for designation. My interest in wild rivers is not met or even considered by the Draft Plan in any alternative. Even the best alternative removes eligibility protections from over half of the streams you've found eligible, and thus the range of alternatives is too narrow.

Thank you for considering these comments.

I am a member of American Whitewater and I spend money locally when I travel to America's great wild rivers, such as those in Idaho.

Sincerely,

Whitney Eure
