Comments: Zach,

My wife, Kristi DuBois, submitted comments late last night in which she referenced a document, K on the Montana Natural Heritage web site,

Jones, W. M. 2003. Kootenai National Forest peatlands: description and effects of forest management. Report to the Kootenai National Forest, Montana. Montana Natural Heritage Program, Helena. 14 pp. + appendices.

She didn't know to include the link: <https://archive.org/details/1FAE4B9F-E3BA-4595-90B7-B4009CEFE75C>

Or to submit the document itself.

The document is a 23-megabyte PDF file that I would be happy to supply if you can tell me how best to do so. I can break the document into parts no larger than 10 megabytes and send by email if there are restrictions on the size of email attachments.

Thanks,

Bert Lindler
