Title:

Comments: I support the No Action Alternative with the following changes: Hoodoo Area will be designated as a semi-primitive motorized area instead of an RWA. Access would be snowmobiles and snow bikes in the winter and mountain bikes in the summer. Sneakfoot Meadows and North Fort Spruce - White Sands RWA's would be dropped or eliminated. The mountain goats leave the higher elevation when the snow moves in they move down to land owner mtn. area where we cant ride. Theres nothing up there in the Hoodoo area for the mountain goats to eat in the winter time theres 120+ inches of snow up there in the winter.
