First name: Emily

Last name: Harris

Organization:

Title:

Comments: These horses must be left to survive on their own. Your so called help is not needed or wanted. Time to stop wasting tax dollars and put to a better use. This is wrong and needs to stop. The horses do more good for the land and their help is free. More fires can be expected if you keep interfering with nature. Please for the good of them and us leave them free and at peace.
